

Hospitals that Have Signed the Adverse Events Letter of Agreement

Adverse Events are serious healthcare errors that should never happen, such as surgery on the wrong body part. Alabama hospitals have agreed not to bill for services associated with twenty-six adverse events. These events were defined by the Alabama Hospital Association's Guidance Regarding Serious Adverse Events, the Centers for Medicare and Medicaid Services, and the National Quality Forum.

Blue Cross and Blue Shield of Alabama thanks these hospitals that have signed commitments to improve patient care.
