

## Step Therapy

Step therapy program is a “step” approach to providing the medications that treat your condition. This means that you may first need to try a more clinically appropriate or cost-effective medication before certain higher-cost medications will be approved. Step therapy programs can help both you and the health plan save money.

The Step Therapy form that your physician will need to complete to request an approval can be found on the MyPrime website.

Utilization Management Program	Prerequisites	Drug(s) in Program
Antidepressants	Generic bupropion, bupropion ER, citalopram, duloxetine, escitalopram, fluoxetine, fluoxetine DR, fluvoxamine, fluvoxamine ER, mirtazapine, paroxetine, paroxetine ER, sertraline, venlafaxine, venlafaxine ER Additional alternatives for Cymbalta/brand duloxetine products only: amitriptyline, cyclobenzaprine, desipramine, gabapentin, imipramine, nortriptyline, tramadol	APLENZIN
Antidepressants	Generic bupropion, bupropion ER, citalopram, duloxetine, escitalopram, fluoxetine, fluoxetine DR, fluvoxamine, fluvoxamine ER, mirtazapine, paroxetine, paroxetine ER, sertraline, venlafaxine, venlafaxine ER Additional alternatives for Cymbalta/brand duloxetine products only: amitriptyline, cyclobenzaprine, desipramine, gabapentin, imipramine, nortriptyline, tramadol	BUPROPION HYDROCHLORIDE ER (XL)
Antidepressants	Generic bupropion, bupropion ER, citalopram, duloxetine, escitalopram, fluoxetine, fluoxetine DR, fluvoxamine, fluvoxamine ER, mirtazapine, paroxetine, paroxetine ER, sertraline, venlafaxine, venlafaxine ER	CELEXA

This list may not be all inclusive. This list is subject to change. New-to-market products and variations of those products will not be added to the Utilization Management Program until they have been evaluated and approved by Prime Therapeutics. Please discuss with your health care provider before you switch any medications to ensure clinically appropriate use. This list is not intended to dictate to physicians how to practice medicine or intended to replace the judgment of your physician. Prime Therapeutics is not liable for any treatment administered or prescribed as a result of this Utilization Management information. Additional restrictions may apply. Neither this document, nor the successful adjudication of a pharmacy claim, is guarantee of payment. Please refer to your member guide for detailed information regarding your pharmacy benefits, including your benefit design, out-of-pocket costs, prior review and restricted access medication requests, and applicable exclusions.
