BCBSAL Prior Authorization Utilization Management

Prior Authorization

Certain drugs require prior authorization to help promote safe, quality and affordable pharmacy care. Your doctor will need to submit a prior authorization request to Prime Therapeutics, which must be approved before you can continue to receive coverage for these drugs.

The Prior Authorization form that your physician will need to complete to request an approval can be found on the MyPrime website.

Quantity Limit Consideration

Within the Prior Authorization program, Quantity Limit may apply. If there is medical reason why you need an amount that is greater than what is allowed, your physician can fill out a Quantity Limit prior authorization form for you and send it to Prime Therapeutics. This form can be found on the MyPrime.com website.

Utilization Management Program	Preferred Product(s)	Drug(s) in Program
Acute Migraine Agents		dihydroergotamine mesylate
		MIGRANAL
		REYVOW
		TRUDHESA
Afrezza		AFREZZA
Amantadine ER		GOCOVRI
		OSMOLEX ER
Amifampridine	Preferred Product: Ruzurgi	FIRDAPSE
