

Eligible benefit plans include preventive physician benefits coverage under the Affordable Care Act for the following contraceptives to be covered at \$0 member cost share. This list will be reviewed periodically and is subject to change. If you have health coverage through your employer, some or all of the contraceptives methods or prescription drugs listed in this Prescription Drug Guide may not be covered under your plan because of your employer's religious beliefs. To find out if contraceptives methods and prescriptions drugs are excluded, you may find this information in the exclusions section of your benefit booklet or you may contact your group administrator.
