**Generic Law:** Pharmacists must dispense a generic equivalent medication when one is available unless the physician indicates in longhand writing on the prescription, indicates by mark or signature in the appropriate place on the prescription, or indicates in an electronic prescription the following: “medically necessary” “dispense as written,” or “do not substitute.” The generic equivalent drug product dispensed shall be pharmaceutically and therapeutically equivalent, contain the same active ingredient or ingredients, and shall be of the same dosage form and strength.

**Maintenance Drugs:** To obtain a supply greater than 30 days, the drug must be on PEEHIP’s Maintenance Drug List and must be prescribed for up to a 90 days supply. The first fill of a maintenance drug will be a 30 day supply. Subsequent fills can be obtained up to a 90 days supply.

**Dispense as Written (DAW) Cost Differential:** Members will be subject to the difference between the cost of the brand drug and its generic equivalent, regardless of whether the physician indicates the brand must be taken.

**Diabetic Supplies:** Diabetic supplies are covered only through the pharmacy drug plan.

**Certain prescription drugs are excluded from PEEHIP coverage. Mail order for Retail drugs is excluded. To verify the drug formulary coverage status of a medication, please visit the MedImpact website at https://mp.medimpact.com/ala**

**Refills for Opioid and Benzodiazepine prescriptions are allowed only after 90% of the previous prescription has been used.**

**Non-participating pharmacies (both in-state and out-of-state):** Members must pay the full amount of the prescription drug and then file the claim to MedImpact to be reimbursed at the participating pharmacy rate less the applicable copay. All PEEHIP clinical utilization management programs will apply. Out-of-pocket costs will be higher if you use a non-participating pharmacy.

**Contraceptives:** Generic contraceptive drugs are covered at a zero copay. Brand contraceptives are covered at the applicable brand copay.

**Flu vaccines:** Flu vaccines are covered at a zero copay when administered by a participating pharmacy.

**Shingrex vaccine:** Covered at zero copay when administered by a participating pharmacy for those aged 50 and older.

**Specialty Drugs – Copay Assistance Programs:** Copays for certain specialty medications may vary and be set to the maximum of any available manufacturer-funded copay assistance programs. PEEHIP and MedImpact will offer copay assistance programs for certain specialty drugs so that the member copayment will normally be less than the otherwise applicable copayment.

**Infertility Drugs:** Benefits for medications for infertility treatment are provided with a 50% copay up to a lifetime maximum payment of $2,500 for PEEHIP member contract. Members will pay 100% of the cost of the medications after the $2,500 lifetime maximum is reached.

**Useful Information to Maximize Benefits**

- To maximize your benefits, always use in-network providers for services covered by your health benefit plan. To find in-network providers, check a provider directory, provider finder website (AlabamaBlue.com) or call 1-800-810-BLUE (2583).
- In-network hospitals, physicians and other healthcare providers have a contract with a Blue Cross and/or Blue Shield Plan for furnishing healthcare services at a reduced price (examples: BlueCard® PPO, PMD). In-network pharmacies are pharmacies that participate with Blue Cross and Blue Shield of Alabama or its Pharmacy Benefit Manager(s).
- Sometimes an in-network provider may furnish a service to you that is not covered under the contract between the provider and a Blue Cross and/or Blue Shield Plan. When this happens, benefits may be denied or reduced. Please refer to your benefit booklet for the type of provider network that we determine to be an in-network provider for a particular service or supply.
- Out-of-network providers generally do not contract with Blue Cross and/or Blue Shield Plans. If you use out-of-network providers, you may be responsible for filing your own claims and paying the difference between the provider's charge and the allowed amount. The allowed amount may be based on the negotiated rate payable to in-network providers in the same area or the average charge for care in the area.
- Be sure to be aware that providers/specialists may be listed in a PPO directory or provider finder website, but not covered under this benefit plan. Please check your benefit booklet for more detailed coverage information.
- Teladoc Health is an independent company that Blue Cross and Blue Shield of Alabama has contracted with to provide you with teleconsultation services. Blue Cross and Blue Shield of Alabama is an independent licensee of the Blue Cross and Blue Shield Association.

**Please note:** Providers/Specialists may be listed in a PPO directory or on the provider finder website (www.bcbs.com), but not covered as PPO benefits by this group health plan (i.e., DME, Ambulance, Allergists). Please check your benefit matrix or benefit booklet to determine coverage. This is not a contract, benefit booklet or Summary Plan Description. Benefits are subject to the terms, limitations and conditions of the group contract. Check your benefit booklet for more detailed coverage information.

**PEEHIP members who use non-participating hospitals, providers or outpatient facilities will incur additional out-of-pocket costs.**

**To maximize your benefits, always use network providers.**
